Package Receipt Log											
Date	Package Label (LQ, White I, Yellow II, Yellow III)	Nuclide	Total Activity in Package	Package Survey			Wipe Test		Survey Meter	Tech	
				Background (mR/hr)	Surface (mR/hr)	1 meter (mR/hr)	Background (dpm/100cm <sup>2</sup> )	Surface (dpm/100cm <sup>2</sup> )	(S/N)	1001	
	Wipe Test Instructions										

1. Wipe approximately 100 cm<sup>2</sup> of each surface of the package.

2. Count the wipe using the GM survey meter.

3. Calculate the dpm using the known efficiency for the isotope. For <sup>117m</sup>Sn, multiply the reading in cpm by 5 to convert to units of dpm.
